Upon enrollment in this Partnership Academy, you signed an agreement that indicated your agreement, and commitment to, the following standards:

## **Academic Performance:**

It is expected that students in the Academy seek out assistance in courses in which they perceive a need for help. Teachers within the Academy have regularly scheduled office hours and are available at other times upon request. Students who receive a grade below a "C" in any class must request tutoring from the instructor and may be required to attend after-school tutoring.

## **Attendance:**

Attendance at school is always imperative. In the Academy it is that much more important because of our commitment to the industry partners and our community to educate future workers and professionals. It is expected that Academy students will have exemplary attendance. Failure to adhere to this standard will result in school and Academy consequences.

## **Professional Behavior and Attitude:**

Since we frequently interface with the industry community, it is important that behavior and attitude reflect knowledge about our specific pathway; behavior that respect the rules and regulations of that industry; a professional demeanor and appearance; and an attitude of enthusiasm and seriousness regarding school, the Academy program, and each student's goals.

The Academy staff has expressed concern regarding your progress toward achieving these goals. The following must be addressed to ensure your continued enrollment in the Academy program:

The following are suggestions for improvement:

***I agree to address the above mentioned concerns.***
