

Job Shadowing Agreement

STUDENT AGREEMENT

I understand the importance of the Job Shadowing experience, and how it relates to my education in high school. I know it is a privilege to participate and that individuals in the business community are giving up valuable time to complete all of the requirements of the Job Shadowing program and fulfill my responsibilities as an Academy student.

I also understand that I am responsible for completing all classroom assignments that I will miss while participating in the Job Shadowing program.
