Scheduling Course Request Tally
The Scheduling Course Request Tally displays total requests for each course, with subtotals for each grade level and can be sorted by course number, course title, or department code. Select the term to be printed on this report and the sort order. – Aeries

Analyzing Registration
Once registration is complete, review the Course Tally

Excerpt from a course tally sheet

Course	Total # students Registered for course	Grade Levels				# sections	Projected Average Class size	Terms
		Gr. 9	Gr 10	Gr 11	Gr 12			
2-dimensional art	15		5	7	3			Year
AP Calculus	33			13	20	1	33	Year
Accounting	11		11					1st sem
Accounting II	6			6				2nd sem
Adv Algebra	136	6	42	59	29	4	34	Year
Biomedical Science II				3	24	1	27	Year
Adv. Art	13		4	9				Year
Law and Society	36				36	1S	36	Year
Criminal Justice	68			68		2	34	Year

 The Master Schedule team might recommend combined 2-Dimensional Art and Advanced Art into a single class period with 28 students .

The Master Schedule Team might recommend combining Accounting and Accounting II into a single semester course, but the class size would only be 17 students. It may not be possible to continue accounting with only 17 students enrolled.
